Mayor Smith and Members of Council,

Following your direction to me at Council on July 10th, I again requested Andy to meet with me to speak about future options and to work collaboratively. He responded negatively and his email was not factual. He is demonstrating no desire to work through any potential solutions.

I suspect you are aware of the Facebook posting related to the Train Station and a Support the Train Station Rally. [REDACTED]

The facts are that;

- 1) Our council reports on this topic always reference a desire to reasonably accommodate the train as does our Waterfront Master Plan.
- 2) Staff have been consistently attempting to work with Mr. Hess.
- 3) The current lease is not an option. (it should not be for Mr. Hess either)
- 4) The one year extension was designed to allow for one year of problem solving which is not occurring as Mr. Hess refuses to discuss the topic.
- 5) The Town will soon need to move forward with its remaining options.

Staff are currently determining on how best to address the facebook post, if at all.

I would be happy to speak to any of you more on this topic.

David
